ABOUT US

The Association of Legal Administrators ("ALA") is an international organization of more than 9,000 members throughout the United States, Canada and 20 other countries. Founded in 1974, The Puget Sound Chapter of the Association of Legal Administrators ("PSALA") has approximately 200 members.

Since the inception of the PSALA we have provided a forum for professionals in law firm administration where peers and colleagues can enhance their skills both professionally and personally. Our members manage areas such as finance, human resources, information technology, facilities, marketing and practice development for both regional and national law firms. We are leaders in our fields, inspiring innovation in the legal industry.

Just as legal managers are crucial to the success of law offices, the informative and educational events offered by the PSALA are a vital resource to legal professionals. Whether you are a current or prospective member, vendor or consultant, the PSALA has the resources necessary to take your career to the next level.
